This is to certify that the above-mentioned individual has successfully completed her assignment as the participant of Rotary International Youth Exchange Program (RIYEP), and thereby fulfilled the main purpose of the organization as the "International Goodwill Ambassador of RIYEP". Sharing valuable insight had benefited both participating countries by forging a partnership between the host family and the student as well as between the Rotary organizations concerned.

The tasks accomplished by the student include: assuming all expected duties as an integral part of the host family; meeting the requirements expected of her age group in the given society, such as attending full-time education program and completing the curriculum set by the host country; acting responsibly in the community and wider society while respecting the cultures and traditions of the host country; encouraging the exchange of ideas and providing the host family and the community with insight of life in the Japanese culture. The mastering of those tasks required the ability to utilize local language fluently in everyday life, the acquisition of adequate social skills for communication, as well as development of a tolerant, flexible and assertive mind, which are all inevitable skills for a global-minded person.
