● **About the purpose of today's meeting**

At the 3rd RA Joint Meeting held on August 7, one of the topics of the breakout session was "Are there any opportunities for RACs to learn about global grants?"

And have any clubs applied for global grants? The breakout session report on this topic was "Is there an opportunity for RACs to learn about global grants?"

In the breakout session report on this topic, it was reported that there is a lack of publicity from The Rotary Foundation to RACs.

In response to this, RIJYEM proposed to hold a joint RA meeting on the theme of "Seminar on The Rotary Foundation" with a person from The Rotary Foundation, which was approved by everyone.

It is said that it is difficult for those who are not involved to understand the overall structure and actual application of R-Foundation information, so we will hold the seminar focusing on case studies using grants.
